

Summary

- Things that we see around us are either living or non-living.
- Living things need food and can breathe, move, eat, feel, grow, and reproduce.
- Non-living things can be natural or man-made.
- Living things need non-living things such as air and water to live.

Exercises

LET'S UNDERSTAND

QT

I. Objective type questions.

A. Fill in the blanks with either can/cannot.

1. Non-living things cannot (can/cannot) breathe.
2. Living things can (can/cannot) move on their own.
3. Non-living things cannot (can/cannot) reproduce.
4. Man-made things cannot (can/cannot) feel.
5. Man-made things cannot (can/cannot) grow.

B. Write T for the True and F for the False statements.

1. All plants are living things. True
2. All animals are non-living things. False
3. All animals grow and move. True
4. All man made things are non-living. True
5. All living things are like non-living things. False

C. Choose the correct option.

1. Which of these can living things do?
a. Grow b. Feel c. Reproduce ☒ d. All of these
2. Which of these are living things?
a. Plants b. Animals c. Toys ☒ d. Both a. and b.
3. Which of these is true about non-living things?
a. They can only be natural.
b. They can only be man-made.
☒ c. They can be either natural or man-made.
d. They can breathe, grow, and reproduce.
4. Which of these are man-made things?
a. Wood ☒ b. Paper c. Water d. Soil

5. Which of these non-living things are needed by living things to live?
- a. Air b. Water c. Soil ☒ d. All of these

II. Very short answer type questions.

Give two examples for each of the following.

1. Living things
2. Non-living things
3. Natural things
4. Man-made things

Plants ; Animals
Fan ; Pencil
Soil ; Water
Table ; Paper

III. Answer the following questions.

1. What are non-living things?

2. What are natural things?

3. What are man-made things?

4. Name any five features of living things.

5. Name some non-living things that are needed by living things to live.

LET'S RECALL

Copy in book only

Recall and complete the concept map given below.

LET'S OBSERVE

Copy in book only

1. Observe the picture and answer the questions that follow. **LO 2**

a. What is shown in the picture?

Cloud

b. Is it a living or a non-living thing?

non-living thing

c. Is it a natural or a man-made thing?

natural thing

2. Join the dots to complete the picture of a living thing and colour it. Name the living thing.

It is a TIGER.

LET'S CONNECT

MATHS

When living things reproduce, they multiply.

A farmer had six dogs in his farm. Each dog gave birth to two babies. How many dogs are there in the farm?

$$2 + 2 + 2 + 2 + 2 + 2 = \underline{\hspace{2cm}}$$
